

1/11/25

A meeting was held with the members of all cells and committees to review their functioning, ensure compliance with institutional and central organization guidelines, and strengthen coordination among units. It was reiterated that every cell and committee must conduct at least one meeting each month and maintain proper minutes. All units were instructed to prepare and submit annual activity plans, action taken reports, and communication records including notices, letters, and follow-up documents. Service-oriented bodies such as the Grievance cell, anti-ragging committee, and related units were reminded that they must remain active round the clock. The meeting concluded with an emphasis on accountability, responsiveness, and continuous monitoring to ensure effective functioning of all cells and committees.
